

Consultancy and Design Services – Martin Clark

I provide consultancy and design services in the following categories:

- **Town Planning:**
 - Applications for Material Change of Use
 - Reconfiguration (subdivisions)
 - Referral Agency Approval (Planning Schemes, Queensland Development Code)
 - Building work assessable under a Planning Scheme
- **Advocacy Services:** Advice and preparation of submissions for:
 - Building and Development Dispute Resolution Committees (formerly Queensland Building & Development Tribunals)
 - Planning & Environment Court
 - Negotiated Decision Notices
- **Building Design and Drafting:**
 - Building Designer - Low Rise; QBSA licence number 31268
- **Landscape Design:** (preparation of landscaping plans – in association)
- **CAD Drafting**

Professional Qualifications and Experience

BA Law / Economics
Graduate Diploma Town Planning
Cert IV Small Business Management - Building Design
HIA Accredited 'GreenSmart' Professional

I have 45 years of experience, spanning town planning, urban design, architecture, quantity surveying, estimating, and tertiary teaching.

I have been individually responsible, or a member of the design team, for design and construction projects that have won state, national and international awards.
